

# Business Jelly

Tuesday 23rd June 2015 at 9.30am - 12.30pm

Jelly was established in 2006 when two New York freelancers were talking about a major drawback of working alone; namely the lack of company.

A Jelly is an informal co-working event that is different from traditional networking. Freelancers, home workers and business owners bring their work and laptop and work, chat and collaborate with other business owners.

The ethos of Jelly is to be accessible to all so the venue, wifi and parking are provided FREE of charge, refreshments provided. O and wait until you see this uber cool workspace at Grant Thornton St Albans!

Co-working means meeting up with like-minded people to work together in a different environment, to exchange help and advice, and maybe come up with a new idea to collaborate on.

This event will be hosted by Paul Thomas, Grant Thornton and Sue Wybrow, Popdance.
